

Complete Practice Management Solution

In-House or Outsource?

California Medical Billing is a Professional Medical Billing, Practice Management & Consulting Company that is dedicated to providing outstanding service to physicians. Our services fit any specialty of health care. Using the latest technology, we are able to provide clients with fast, efficient service while maximizing their reimbursement. CMB has a simple mission: to collect the revenues that are due, and to do so in a timely manner. CMB removes the obstacles that result in a loss of income due to under pricing, missing charges and un-collected claims. Medical Billing is much more than just submitting claims. Proper billing requires a detailed financial understanding of your practice and the operations that accompany it. This is why we have developed management solutions that can be tailored to meet the financial needs of your practice. When you outsource to CMB you can rest assured that your revenue is in the best possible hands.
